

DECLARES DIAZ
MUST ABDICATE

Madero Gives President Twenty-four Hours to Resign.

DELAYS ATTACK UPON JUAREZ

Rebel General Says That if Assurances Are Not Received Within the Time Specified He Will Begin an Attack Upon the City—Believes Federals Are Only Playing for Time to Bring Up Reinforcements.

El Paso, Tex., April 21.—Unless the federals make an attack on the rebel army Francisco I. Madero says there will be no assault on Juarez until after 3 o'clock this afternoon. If by that time he has not received assurances from Porfirio Diaz that he will retire from the presidency Madero declares that the Juarez fight will take place at once.

"All that the federals want is time to bring up more reinforcements," he said when asked if he would consider an armistice. "I will give Diaz twenty-four hours to resign," he said when a delegation of El Pasos and Mexican citizens called upon him in his camp in the hills near Juarez and asked him to consider peace terms. The latter assertion was not only a reply to the volunteer peace commission, but also to Gonzales Garza, secretary general of the revolutionary junta, who carried a message from Dr. Gomez in Washington asking for a delay in the attack. He said it was his final reply to all attempts to secure peace; that Diaz must surrender the presidency.

The volunteer peace commissioners who visited the provisional president and insurgent commander went under permission of the federals and made the trip in two automobiles with white flags.

REBELLION IS SPREADING

Ranchers Join in the Revolt Against Diaz.

Durango, Mex., April 21.—It is reported here that following the capture of Santiago Papasquiaro by the rebels there has been a general uprising on the ranches and in the villages throughout that region. The number of rebels now under arms in that section is said to be about 2,000. It is reported here that they have invaded the Hacienda Toboso and Guatimay near Santiago and driven off a large number of horses.

The attack and capture of this city by the rebels, which is the capital of the state, would be no surprise to the residents. The place is not well garrisoned.

PRESIDENT AWAITS REPORT

Will Investigate Events Along Mexican Border.

Washington, April 21.—A detailed report of the incidents along the American border in connection with the battle of Agua Prieta, Mex., was requested by the war department from Colonel Shunk of the department of Colorado, who was in command at Douglas, Ariz., when the battle was fought.

It is believed that the government here will make a thorough investigation of the events at Douglas so as to be prepared to answer various charges as to details supposed to be contained in the Mexican reply to the American government's protestations.

THREE ARE DEAD IN RUINS

Explosion and Fire in Chicago Result in Injury to Many.

Chicago, April 21.—Three persons are believed to have been killed and a score were injured when an explosion occurred in a building on the Northwest Side, occupied by Joseph Morici & Co., wholesale liquor dealers.

Fire immediately followed the explosion and the three who are missing are believed either to have been burned to death or been buried beneath the walls of the building, which fell from the force of the explosion.

After an investigation Morici and his partner were arrested and will be held on the belief that the explosion and fire were caused by gas escaping from jets that had been left open intentionally.

Legislators Get Salary Raise.

Springfield, Ill., April 21.—By a vote of 24 to 3 the house appropriations committee voted to increase the salaries of members of the general assembly from \$2,000 each biennial session to \$3,500. The principal reason advanced by the exponents of higher salaries was the direct primaries had caused a heavy increase in campaign expenses.

Bachelor Commits Suicide.

Webster City, Ia., April 21.—Joseph Carpenter, a bachelor farmer, aged forty, living northeast of this city, was found dead in his home. A portion of his head had been blown off and a shotgun near by told a story of supposed suicide. Carpenter had been in ill health for some time.

Politeness is good nature regulated by good sense. —George Smith.

WILL BRING COURT ACTION

Representative Washburn Opposed to Seven Senator Bill.

Minneapolis, April 21.—Representative W. D. Washburn, Jr., of this city has announced that if no one else moves he will bring action in court to set aside the "seven senator" bill for an amendment to the state constitution.

Hennepin county members determined, when the bill passed in such an alleged irregular way, to contest it to the end, but they have had no consultation since the session adjourned. Later definite plans for the legal fight will be made.

"The passage of the so-called 'seven senator' bill, by which Hennepin county now and probably Ramsey and St. Louis counties in the future, are deprived of the equal rights of suffrage, is a gross violation of the constitutions of the state and of the United States, which guarantee to every citizen equal rights and equal protection of the law," said Mr. Washburn.

MAY MARRY RICH AMERICAN

Brother of Lord Decies Frequent Caller on Mrs. Burke-Roche.

New York, April 21.—Frequent visits by Seton Robert Beresford, brother of Lord Decies, is disclosed, are responsible for the report in social circles that Mrs. Burke-Roche, daughter of Frank Work, the millionaire sportsman, who died recently, and from whom the twice divorced woman inherited more than \$1,000,000, is to be wedded to the Englishman. He has been in this country since the wedding of his brother with Helen Vivien Gould.

Mrs. Burke-Roche, who dropped the name of Batonyi after her divorce from the noted whip and resumed that of her first husband, is living in the Hotel Gotham and "Bobby" Beresford has been a frequent visitor to the handsome divorcee.

The Great Secret.

Towne—You say it's impossible for a woman to keep a secret?
Brown—Yes.
Towne—How about her age?
Brown—She doesn't keep that a secret. She merely tries to—Philadelphia Press.

Former Twin City Rabbi Dead.

London, April 21.—Dr. Henry Ilowitzi, a well known rabbi who resided in Minneapolis and Philadelphia from 1880 to 1900, died here. He was born in Russia and was the author of a number of Jewish books.

ALBERT J. HOPKINS.

Former Senator Testifies in Lorimer Investigation.

MILLERS OPPOSE FREE FLOUR

Federation to Meet in Niagara Falls to Plan to Defeat Pact.

Chicago, April 21.—Members of the National Millers' federation will oppose free importation of flour from Canada as provided in the reciprocity trade agreement and will meet in Niagara Falls June 14 to advise means for opposing the agreement. A notice was sent out by the secretary of the organization asking all millers and milling organizations to attend the meeting.

"The federation stands for reciprocal relations, providing they are made equitable," said Secretary A. L. Goetzman. "The millers oppose free flour because the cost of manufacture is less in Canada than here, wages are less and much of the manufacturing is by water power."

SENATE INSURGENTS
INSIST ON DEMANDS

Claim Right to One-fourth on Various Committees.

Washington, April 21.—The demand of the twelve progressive Republican senators for recognition as a body in the reorganization of the senate committee is causing trouble to the regular Republicans and delay in the formation of the committees. Chairman Gallinger of the committee on committees requested all Republican senators to specify their committee preferences. All except the progressives made prompt response and some of these have not yet responded.

The progressives are holding out for their right as an organization to name one-fourth of the Republican membership of the various committees under an informal agreement reached before the organization was undertaken. Some of the regular senators, resisting this demand, contend that there could not have been any agreement prior to the organization of the Gallinger committee. They argue that recognition of this contention would violate all rules of seniority in many of the committee assignments.

The progressives, determined, are in constant conference and it is said that they soon will be ready to present their preference to the committee.

It is expected that the organization of the committees will not be completed for a week or more.

DAY TO HEAD EQUITABLE LIFE

Vice President of Society Succeeds Late Paul Morton.

New York, April 21.—Against the advice of Superintendent Hotchkiss of the state department of insurance and of its trustees the Equitable Life Assurance society, by vote of its board of directors, elected William D. Day, J. Pierpont Morgan's candidate, to succeed the late Paul Morton as president of the society, at a salary of \$50,000 a year, as against the \$50,000 a year paid to Mr. Morton. No vice president was chosen to succeed Mr. Day.

TWO INJURED IN TRAIN WRECK

Cars Pile Up in Ditch With Serious Results.

New Ulm, Minn., April 21.—A south-bound extra freight on the Minneapolis and St. Louis road was derailed in Fritche's ravine, two and a half miles north of New Ulm. The engine and seven freight cars landed in the ditch. James Schimager, engineer, and Harry Mitchell, fireman, were caught underneath the engine when it tipped over and are seriously injured. Both received fractures of the leg and the engineer is hurt internally. The fireman received painful burns from escaping steam.

Direct Election Wins.

Albany, N. Y., April 21.—The senate, by a vote of 28 to 16, adopted the Roosevelt resolution urging the state's representatives in congress to favor an amendment to the Constitution providing for the election of United States senators by direct vote of the people. The measure has not yet passed the house.

HOUSE PLANS
WORK METHODS

Adjournments Will Be Taken as Senate Talks.

DEADLOCK SEEMS PROBABLE

Senate Likely to Adopt Amendment to Measure Providing For Direct Election of Senators—This Amendment Will Give Federal Government Control of Elections.

By ARTHUR W. DUNN.

Washington, April 21.—[Special.]—There is likely to be a deadlock between the senate and house over the proposed amendment to the constitution for the election of senators by direct vote of the people. The house has passed the Borah resolution or a resolution worded the same as the Borah resolution.

The senate is almost sure to add the Sutherland amendment. It seems certain that the majority party in the house will refuse to accept the amendment resolution, in which event there will be a conference and perhaps a deadlock between the two houses.

While the Democrats in the senate generally opposed the Sutherland amendment, which looked to the supervision of elections by the federal government or at least left the control in the federal government if it wished to exercise it, many of them waited their opposition and voted for it because they wanted to have the resolution adopted if it did not altogether suit them. That situation may arise in the house rather than to have the resolution fail.

Automatic Adjournments.

After the house clears up the program which the majority outlined it is proposed to arrange for a series of automatic adjournments by which the house will meet twice a week and adjourn immediately, transacting no business. This will allow members to return home while the senate is debating the various bills which the house has passed. If the senate takes as much time as usual to pass the different measures it will mean quite a long period of rest for the house.

Nearly every man in congress hopes for a short session, but very few see the end much before July. It is quite well understood that the Democrats do not believe that the Republican senate will pass tariff bills.

"Of course we will stay right here and pass the bills," said Chairman Underwood. "If the senate wants to take up our bills and pass them we will stay here all summer, but if there is no disposition to consider them after a reasonable time then we will take up the matter of adjournment."

Confidence in Carter.

Soon after ex-Senator Carter landed his job as Canadian boundary commissioner Senator Brandegee of Connecticut uttered this tribute of praise for the Montana man: "Trust Tom to land on his feet every time. He's the smoothest article we ever had in the senate. If he was dropped from a balloon 10,000 feet high he would land all right and with a proposition all worked out for rearranging and running the universe to meet the new method of navigating the air."

Makes People Think.

A report of a consul in Hull, England, says that municipal ownership of the street car system is a success. In ten years \$700,000 has been received over and above operating expenses, which has lessened taxation. The fare is 2 cents and in the morning hours 1 cent.

There are two cities in Canada where there are no taxes, as the public utilities pay the expenses of the city government. Such things cause a great many people to do serious thinking on the subject of municipal ownership. The publication of such facts in government reports gives them a wide circulation.

Plenty of Buildings.

If Congressman Austin of Tennessee could have his way the whole country would be well supplied with public buildings. He has introduced a bill to erect a building at every county seat. They would not cost as much as the Panama canal, but would push it pretty hard as a matter of public expenditure. Just what he would do in regard to many places where there is nothing at the county seat save the courthouse is not explained in the bill.

Frank Clark, Economist.

Congressman Clark of Florida has gone way past the other Democrats in the matter of economy. He has proposed the abolition of many committees overlooked by the ways and means committee and also many positions which are really of little use in conducting the business of the house.

Clark was within reaching distance of the chairmanship of the committee on merchant marine, being the ranking member, but was not given the place. He now is doing a little "insurgency" from time to time. But there must be something vital to an insurgent movement to make it a success or even formidable.

Southern Accent Heard.

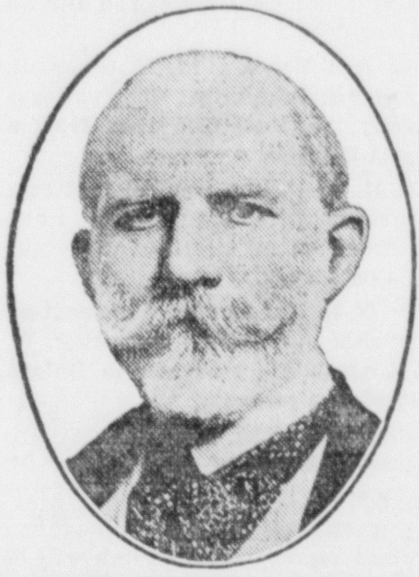

These are the days that the southern accent is heard about the house of representatives. Many of the new employees are from the southland and there are quite a number around from that section who would like to connect with the payroll.

His Carelessness.

"Why didn't you answer my letter about the money you owe me?" "Cause you didn't inclose a stamp."—Judge.

HENRY S. BOUTELL.

Former Illinois Congressman Is Minister to Switzerland.

MORE DIPLOMATIC CHANGES

Henry S. Boutell Appointed Minister to Switzerland.

Washington, April 21.—The diplomatic shakeup which was first evidenced by the resignation of David Jayne Hill as ambassador to Germany continued when it was announced that Herbert H. D. Peirce had resigned as minister to Norway and that in consequence several transfers would be made. L. S. Swenson, minister to Switzerland, will succeed Mr. Peirce; former Representative Henry Sherman Boutell of Illinois, recently appointed minister to Portugal, will go to Switzerland, and Edwin V. Morgan, minister to Uruguay and Paraguay, will be transferred to Portugal.

AMICABLE AGREEMENT
SHOULD BE REACHED

Mexican Foreign Minister Discusses Agua Prieta Battle.

Mexico City, April 21.—In negotiations relative to incidents growing out of the battle of Agua Prieta there is nothing that can result in any friction between the Mexican and American governments. They are being conducted by both governments in a spirit of cordiality and friendship and, although delicate, an amicable agreement should be reached.

This is the substance of the message delivered to the chamber of deputies by Minister of Foreign Affairs de la Barra. At the request of that body he appeared before it and rendered an exhaustive report on the international relations affecting Mexico and the United States.

He said practically nothing regarding the negotiations being conducted to re-establish peace, because, he privately explained, as the Mexican government does not recognize the existence of the rebels officially, there have been no negotiations.

Concerning the exchange of notes by the two governments over the Agua Prieta incident he told the deputies little more than what they already knew. He reviewed the mobilization of the American army, repeated President Taft's explanation, spoke of the Blatt-Converse incident and, in the mildest manner possible, injected occasionally a word of criticism for "minor American authorities," but, with the exception of the last part of his report, it was characterized by optimism.

FIGHT BEAR WITH PENKNIVES

One Man May Die and Another Seriously Hurt in Encounter.

Duluth, April 21.—Word has reached Duluth from Knife river, near Two Harbors, that George Blackman, an employe of Alger, Smith & Co., at camp No. 5, on the Duluth and Northern Minnesota road, is expected to die from injuries that he received in a fight with a bear.

Blackman and a campmate named Jack Scanlon were walking to a spring near camp when they suddenly came upon a bear. They thought to frighten the animal, but it would not scare, but attacked them instead. They succeeded in killing the bear with their pocket knives. Scanlon escaped with severe but not dangerous wounds.

Canada Don't Want Negroes.

Winnipeg, April 21.—The most important business before the Winnipeg board of trade was a resolution strongly urging upon the government the advisability of preventing the entrance into Canada of negroes from the United States. The resolution was adopted and will be forwarded to Ottawa.

Convicted of Manslaughter.

Forstey, Mont., April 21.—George Harris was found guilty of manslaughter for the killing of T. A. Cotton. Harris is sixty-eight years of age and his victim was sixty-four. Both were well known stockmen. They had been neighbors and had quarrelled over a fence.

Railroad Man Advanced.

New York, April 21.—Alexander Robertson, vice president of the Western Maryland Railroad company, was elected president of that company to succeed B. F. Bush, who resigned to become president of the Missouri Pacific railway.

Duluth Man Gives Evidence in Lorimer Probe.

SENATOR HOPKINS ON STAND

Former National Lawmaker Says State

Senator Told His Private Secretary He Had Been Offered Bribe to Vote for Lorimer—Edward Tilden Fails to Appear but Lawyer Reads an Affidavit From Him.

Springfield, Ill., April 21.—Before the Lorimer legislative inquiry committee William Burgess, an electrical contractor of Duluth, gave testimony corroborative of that given by witnesses who had preceded him, concerning the existence of a Lorimer jackpot of \$100,000, which, it has been said, was raised through the efforts of Edward Hines, the lumberman.

Burgess told of a railroad journey on the Winnipeg flyer between Duluth and Virginia, Minn., in March, 1911. Burgess said that a man named Johnson, of a trade publication; Randolph, John and Carl Weyerhaeuser, C. F. Wiehe of Virginia, a brother-in-law of Edward Hines, and another man were in the party, which was in the smoking compartment of the sleeping car.

The witness said that the subject of William Lorimer's election came up in the course of conversation. Burgess, during his chat on the subject of Lorimer, said he expressed the opinion that Lorimer had used money to effect his election.

"You don't know what you are talking about," Wiehe said to me," testified Burgess.

Burgess then testified that Wiehe said Lorimer never spent a cent, but that a jackpot was raised by Lorimer's friends to effect the election.

"I know what I am talking about," Wiehe was quoted by Burgess as saying, "because I put up \$10,000 for that jackpot."

Burgess concluded his testimony by stating that while Edward Hines and members of the Weyerhaeuser family were aboard the sleeper, none of them was in the smoking compartment when Wiehe, who is secretary of the Edward Hines Lumber company, made this statement regarding Lorimer's election.

Senator Hopkins Testifies.

Former United States Senator Albert J. Hopkins followed Burgess on the stand.

"Senator McCormick of Madison county," said Mr. Hopkins, "told my private secretary, John M. Peffer, that he had been offered \$25,000 to vote for Lorimer."

Mr. Hopkins said he could not state the time or place of this conversation, but that Mr. Peffer could undoubtedly do so.

"Senator McCormick, you understand," said Mr. Hopkins, "did not tell this to me, but to my secretary."

"There may have been other incidents of a like character," testified the witness, "but I have forgotten. My mind was recalled to one by the testimony of Senator Landee before the committee. The testimony of Senator Landee recalls what I said to him a few days before Lorimer's election."

"What was that?" asked Attorney Healy.

"I told Senator Landee that I was a candidate for the senate and not the penitentiary and that I was not out looking for Democratic votes," replied Mr. Hopkins.

Despite the fact that he was under a subpoena to appear as a witness Edward Tilden did not respond to his name. Instead Attorney W. A. Bradford of Springfield appeared and read a letter and an affidavit from Tilden. The affidavit stated that Mr. Tilden had no information either directly or indirectly bearing on the use of alleged corrupt methods to elect Mr. Lorimer. The letter stated that Mr. Tilden would permit one member of the committee to examine his bank accounts providing confidence was preserved.

MORMONS SEEKING CONVERTS

Announce Intention to Evangelize Middle West.

Des Moines, April 21.—Missionaries of the Utah Mormon church will concentrate their energies this year in the evangelization of the states of the Middle West, Minnesota, Missouri, Illinois and especially Iowa.

This announcement was made at the priesthood conference of the church which is being held in Des Moines, presided over by G. E. Ellis, worth of Chicago, president of the Northern states conference.

Aged Man Shoots Girl Wife.

Muscatine, Ia., April 21.—Peter Hahn, aged sixty years, living three miles east of here, shot his wife, aged twenty-one, and then himself. The woman is expected to recover, but the man is believed to be fatally injured.

House Fails to Reach Vote on Canadian Agreement.

NORTHWEST MEN TAKE FLOOR

Representatives Steenerson, Davis, Anderson and Volstead of Minnesota

and Helgeson of North Dakota Oppose Measure and Nye of Minnesota Makes an Eloquent Plea for Its Passage.

Washington, April 21.—Four members of the Minnesota delegation, Representatives Steenerson, Davis, Anderson and Volstead, and Representative Helgeson from North Dakota delivered vigorous speeches in the house in denunciation of the Canadian treaty agreement. The utterances of the five members named were bitter in tone.

Representative Nye of Minneapolis, who spoke for the bill, struck a sentimental chord and was applauded by the house and the galleries.

Representative Steenerson made the charge that President Taft in submitting the Canadian bill to congress had in effect violated the terms of the Constitution. Mr. Steenerson declared that the leading agreement working to law would raise the rates of the existing tariff act.

"Take the tariff off raw products, as you propose in this measure, and leave it on manufactured products and you in effect raise the differentials on the products bought by the farmers," said Mr. Steenerson.

Mr. Steenerson took exception to the method of initiating the measure. "Under the Constitution," he said, "all revenue bills by right should originate in the house. The rule was reversed in this case. The bill was originated by the president and the secretary of state and we are asked to ratify it."

Representative Anderson was allowed only two minutes to express his opinion of the bill.

"This does not give me time to make a speech," he said. "It merely gives me an opportunity to register disapproval. I have heard a good deal during this debate about wiping out the imaginary line that separates Canada and the United States. It is my judgment that you are proposing to tear down the tariff wall erected by our forefathers. In its place you will erect a wall with a hole in it."

Farmer Gets Worst of It.

"What comes over the wall will inure to the benefit of the farmer and what comes through the hole will inure to the benefit of the manufacturer."

"I believe this measure is in keeping with the times," said Representative Nye. "Humanity marches toward reciprocity in spirit at least."

"There is a development going on all over this continent that human legislation cannot stop. These two magnificent countries are going to prosper. They can advance in a material way without going under one flag. I do not believe that the interests of our own people or the interests of the Canadian people can be subserved by the continuance of barriers that interfere with the natural movements of commerce. For that reason I shall vote for this bill and trust that it will be enacted into law."

Representative Volstead was much in earnest in his denunciation of the agreement. He followed Representative Nye.

"It is not a question of sentiment," shouted Mr. Volstead with emphasis, "when you rob a man of something to which he is entitled and that is what you are doing to the farmer in this case."

"I oppose this agreement," said Mr. Davis, "because it is absolutely unjust and unfair to at least one-third of the producing class of the United States."

"The people who presented this proposition evidently proceeded on the theory that the American farmers are a lot of ignoramuses," said Representative Helgeson.

"The farmers are not ignoramuses. They were fifty years ago. At that time few of them were educated. They did not then keep abreast of the times. In those days it was easy to fool the farmers. Go out into the West now and you will find a different class of men tilling the soil. These men, my friends, you cannot fool. They know that this bill is a bad one and that it gives them the worst end of the deal."

Coulton Master of McGovern.

Kenosha, Wis., April 21.—Johnny Coulton had a big shade over Phil McGovern in their ten-round bout here, but McGovern was a dangerous man for the champion in every round except the last. At times he had Coulton in trouble. McGovern had a great punch, but Coulton outboxed him all the way and his boxing made it impossible for McGovern to land.

Work Against Keefe Bill.

St. Paul, April 21.—Governor Eberhart is being importuned by Republican politicians to veto the Keefe bill for popular nomination and election of United States senators by indirect means, on the Oregon plan. The argument against the bill is that it will break down party lines and open the door to electing a Democrat as senator from Minnesota.

The auto club meeting for Wed-
nesday evening did not draw a good
attendance and so the meeting was
postponed until some later date to be
announced in the Dispatch. Many
of the members were absent from the
city.

Chance to get at very attractive
prices, 1900 Gravity Washing Ma-
chine and tubs, Peninsular range,
iron bedstead and odd pieces of fur-
niture. 423 5th St. N. A. T. Lar-
son. 27512

Dan Sullivan, formerly a porter at
the old City hotel, passed away yester-
day. He was a member of the
Modern Brotherhood of America
lodge and the funeral will be held on
Saturday afternoon, the members of
the association meeting at Elks hall
at one o'clock to attend the funeral.

Dancing lessons will be taught at
Walker's hall Saturday evening,
April 22nd, followed by a social
dance. Lessons between 8 P. M. and
9 P. M. Dance from 9 P. M. until
12 P. M. both lessons and dance free
to ladies. Lessons including dance
50 cents for gents. Refreshments
will be served free. 27512

The fish hatchery car Glenwood ar-
rived from St. Paul this afternoon
and can of trout fry were unloaded
for I. U. White and P. A. Cardie.
The car was in charge of A. Rider
and was on its way to Bemidji. The
car presents an interesting sight in
the interior. Over 160 cans, filled
with the little wrigglers of trout fry,
were in the car and the water in the
same was kept fresh by pumping air
from the engine at regular intervals.

Among the teachers who arrived
on the noon train to attend the Crow
Wing County Educational association
are R. R. Graham, the president of
the society, from Deerwood; Miss
Marie Knebel, Pequot; Miss Anna
McGill, Pine River; Miss Elizabeth
Cochran, Cross Lake; Principal and
Mrs. J. W. Riddle, of Jenkins; Miss
Myrtle Cain, of Merrifield; Miss
Maud Phelps, South Long Lake; Miss
Dalla Wetzel, Deerwood; N. G. Den-
iston, Bay Lake.

FORT RIPLEY NEWS

Miss Emma Cobe, teacher in the C.
H. Clute district, spent Sunday at
home in Royalton.

The dance Monday evening was
well attended and all report a fine
time.

Gerald Barron, of Brainerd, at-
tended the dance in the M. W. A. hall
Monday evening.

Mrs. Webster, the school teacher at
this place, spent Sunday at home.

Sadie and Bell Tedford came home
from Little Falls to spend a few days
with their parents. Sadie is attend-
ing business college and Bell is at-
tending high school in Little Falls.

There is to be a Grand Bouquet
ball in the M. W. A. hall May 6th.

August Levie, of Crow Wing, also
the boys from Burman drill, across
the river, attended the dance here
Monday evening.

The I. J. Bates auction was well at-
tended Monday and every thing sold
at a good price.

G. A. Raymond, our jolly barber,
moved a building from the front of
his shop Monday, so every one in
town can see him.

Cecilia Adams came up from Little
Falls to spend a few days with her
mother.

Clements Comedy Company is giv-
ing a week's entertainment at the
M. W. A. hall, Wednesday evening
being their first show. The house
was well filled and everyone well
pleased.

The W. A. Hunt Ore Co. moved
their drill Wednesday from J. J.
Tucker's place to the place formerly
owned by Wm. Huff. The drilling is
superintended by Wm. Spencer and is
run by F. A. Larson.

M. A. Clouse and daughter are
kept busy trimming and selling lad-
ies' and children's hats. Their new
millinery parlor will be completed
soon.

The Children's Hour

At the last meeting little Miss
Margaret Webb played the opening
numbers, "Birds Morning Song", by
Sterabog, and "Dolls Dance", by
Krogmann. The next meeting will
be tomorrow at 2:30 p. m. at the li-
brary. At our last entertainment it
was evident the children could not
give another satisfactorily without
a raised platform. This we have had
built and the older boys and girls
will give next Friday evening and
Saturday afternoon the Cantata of
the nations under the direction of
Mrs. C. L. Burnett. All are invited
to come to this attractive enter-
tainment and help us pay for the
stage. Tickets for the evening 25
cents and for the afternoon 15 cents.

Dog License Due

Dog license tax of \$1 due on May
first. The ordinance will be strictly
enforced and owners are requested to
pay the tax promptly.

V. N. RODERICK,
City Clerk.

"Her
Brothers
Clothes"

THIS picture shows how one of "our girls" would look
dressed in

Sophomore Clothes

THE clothes, of course, are made for men but there are
two reasons why women like them and these two
cover every other.

They are thoroughbred in appearance. An air of refined
distinction marks every Sophomore Suit.

They are honest in value. Counting service and satisfaction, they
pay out one hundred cents on every dollar paid in. Most women
encourage economy.

Sophomore Clothes are all-wool and hand-made—made by expert
tailors who take as much pride in turning out a perfect product as you
take in wearing it and as we take in recommending it.

TEACHERS MEETING IN BRAINERD TODAY

Crow Wing County Educational Society Holds its Semi-Annual Convention

PRES. R. R. GRAHAM PRESIDING

Meet at Court House Friday and Saturday Afternoon—Also at High School This Evening

The opening session of the semi-annual convention of the Crow Wing County Educational association was held this afternoon at the court house, President R. R. Graham of Deerwood, presiding.

The convention will continue Friday and Saturday and preparations have been made for a large attendance. Much interest is being taken in the convention and the program assures all attendants of much benefit in the way of instruction on school lines.

At two o'clock this afternoon the business session was followed by an address by E. G. Quigley, of the College of Education on "Ten Rules for Teachers." T. A. Erickson, the county superintendent of Douglas county, spoke on "Industrial Education and Rural Schools."

This evening at eight o'clock the delegates will attend a program given at the assembly room of the high school and the following will be given:

Violin solo.....D. B. Whitford
Accompanied by Jennie Mysen
Address, "Four-fifths of an Education".....E. G. Quigley
Songs.....High School Chorus
Remarks.....Supt. T. A. Erickson

Commencing on Saturday morning at nine o'clock the program at the court house will include:

Song.....Miss Hooper
Primary Class in Penmanship.....Miss Moore

Busy Work in the School.....Miss Adeline McMannis, Brainerd
Paper, "Art in the Schools".....Miss Moore

Song.....Miss Hooper

The officers of the association are R. R. Graham, of Deerwood, president; Miss Margaret Cosgrove, vice president; Miss Vivian Anderson, secretary; Miss Maud Phelps, treasurer. The motto of the organization is, "Come Let us Reason Together."

M. B. A. Notice

The members of the Modern Brotherhood of America are requested to meet at Elks hall at 1:30 Monday afternoon to attend the funeral of our late brother, John Norin.

MARGARET MANTOR,
Secretary.

DEATH OF JOHN NOREN

Passed Away at Seven O'clock This Morning at His Residence in Southeast Brainerd

John Norin, aged 57 years, a prominent citizen of Southeast Brainerd passed away at his residence 1615 Pine street at seven o'clock this morning after an illness of several weeks duration. He had been suffering with kidney trouble and later with an attack of pneumonia.

The deceased was born in Sweden Oct. 25, 1853, and came to America about 26 years ago. He has been a resident of Brainerd for 22 years. On February 6, 1892 he was married to Miss Bengta Olson, who has since died. He leaves 3 daughter, Miss Nana Norin of Brainerd, Nels Norin, of Sweden, and a sister, Mrs. Joseph Johnson, of Brainerd. He was a member of the Modern Brotherhood of America.

Mr. Norin was employed several years at the N. P. shops and later became janitor of the Harrison school, which position he has held 12 years, and as a token of sorrow the flag on the school was today placed at halfmast.

The funeral will be held on Monday afternoon at two o'clock from the house and at 2:30 from the Swedish Baptist church, the Rev. Karl A. Lundin officiating.

ANOTHER NEW CUYUNA TOWN

The Town of Oredon to be Platted by H. B. Blackwood & Sons in New Ore Fields

20 NEW HOUSES AT CUYUNA

Oredon to be Located Across Rabbit Lake Two Miles East of Village of Cuyuna

Still another new town will be started this summer on the Cuyuna range, says the Superior Telegram. The new town will be known as Oredon. It is reported that plenty of ore has been discovered in the neighborhood of the proposed townsite.

The promoters of the new town are H. B. Blackwood & Sons. The Blackwoods have lived on the range for a number of years and have done much exploration work on their properties. Matt Blackwood stated they had discovered plenty of ore on their properties and as soon as possible lots in the new townsite would be put on the market and mining operations commenced. The Blackwoods have worked hard, but appear to have been lucky and struck it at last. The property is located across Rabbit lake about two miles east of Cuyuna.

T. R. Foley, of Aitkin, the promoter of the town of Cuyuna, is about to commence the erection of 20 houses in Cuyuna. This will be greatly appreciated by local people who work around the mines and would move their families to town but for lack of houses. The new houses will be occupied as soon as completed.

The Cuyuna Gun club was organized Sunday with 28 members. The officers elected are: President, F. Buchanan; secretary and treasurer, V. M. Sugrue; field captain, Ed. Rhode; score keeper, J. D. Petraborg. The first shoot will take place this Sunday.

PHYSICAL CULTURE INSTITUTION

Plans for the Establishment of Such an Institution Being Made by George Ridley

Mr. Ridley of this city has about completed plans and all arrangements for the establishment of a natatorium, gymnasium and Turkish baths in this city. At present there is nothing of this kind in the city and such an establishment is something that is needed and will fill a long felt want.

There is no doubt but that such an establishment will be popular and will be a success. Mr. Ridley thoroughly understands how to keep-up an institution of this kind and has had a wide experience as an instructor in physical culture and gymnasium work.

It is the plan to have certain times set aside when the gymnasium will be for the exclusive use of ladies, and classes in calisthenics and physical culture will be formed for them under the guidance of a competent lady instructor.

To make sure that this establishment will be a financial success Mr. Ridley is getting signers to a list whereby they agree to pay the membership fee for one year.

Notice M. B. A.

All members of the Modern Brotherhood are requested to be at Elks hall at 1:00 P. M. Saturday afternoon to attend the funeral of our late brother, Dan Sullivan.

MARGARET MANTOR,
Secretary.

PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded. 50c. mwr

OVER \$500 RAISED

Tag Day Held Thursday was a Success and Ladies are to be Complimented

Tag Day was certainly a success in Brainerd yesterday and the record of raising over \$500 is one which reflects credit on the hundreds of those who contributed and the scores of matrons and girls who assisted in collecting the same.

At the First National bank all the clerks were kept busy counting up the contents of the little cigar boxes. A record was kept of each box and each was numbered. However, it has been thought best not to mention the contents of each box and who was in charge of the same. In some instances ladies worked very hard in districts which did not give much. More fortunate members of the tag committee and assisted by many friends raised much larger sums. So, as each one did the best she could, the following statement is published showing the amount raised in each ward.

First ward	\$128.64
Second ward	124.19
Third ward	87.07
Fourth ward	44.61
Fifth ward	157.51

Total for the city.....\$540.02

The bank has turned over to the tag committee a detailed statement giving the contents of each box, approximately 71 boxes were turned in.

The ladies were treated with great courtesy in all parts of the city and wist to compliment especially the shops, where large donations were received. The First National bank corner turned in a large amount.

CLARK STORE IS CREDIT TO CITY

D. M. Clark & Co. is Now Well Established in the Iron Exchange Block

LARGEST STORE ROOM IN CITY

Model Hardware Store—Beautiful Furniture Display—Modern Mortuary Room

"The D. M. Clark & Co. store is certainly a credit to a city the size of Brainerd," was the comment of a visitor at the newly opened store in the Iron Exchange building. It will compare favorably with many stores in Duluth, Superior or the twin cities.

The main room, 75 by 140 feet in size with a ceiling 15 feet in height is the largest store room in the city. Facing south Sixth street its east end is really a wall of glass. Plate glass, of the most expensive kind, is in the large windows and duplicated in the arcade front which thus gives the store over 200 feet of surface for the display of goods to the passerby. Another convenience and which will certainly be appreciated by the ladies, is the installation of a large mirror in the north end of the arcade, reaching from floor to ceiling.

In the north end of the store is the shelf and heavy hardware section, with paints and glass at the extreme west end. Near by may be seen the oil department, equipped with the Bowser self measuring suction pumps, a few manipulations with a handle pumping up gasoline, cylinder oil, boiled and raw linseed oil, kerosene and engine oil from the tanks in the basement. Adjoining may also be seen the crockery and glassware departments.

A feature immediately noticeable is the fact that the only counter space in the whole store is one about eight feet in length on which are weighed or wrapped goods. Everything to be seen in the store has been so arranged as to make the best possible display. The visitor to the modern house of Clark need only stroll around. He can soon find what he wishes.

Walking on the visitor sees the beautiful furniture, the bedsteads, chairs, rockers, dining tables, library tables, center tables, china closets, davenport, couches, dressers, chiffoniers, buffets, beds, etc. Adjacent to the north is a long line of stoves and ranges of the latest patterns.

Forty different styles of rugs are shown and are displayed on a John Pest display rack. They range in price from \$3.00 to \$50 and to 3 by 12 feet in size. Carpets, linoleums, etc., are shown in their proper places.

The mortuary room is 25 by 30 feet in size and the room is appropriately decorated, has rugs on the floor, is provided with mission furniture and the light is admitted through cathedra glass windows. Caskets of all kinds are displayed in mahogany cabinets which can be released by pressing a spring. The casket slowly lowers and admits of close inspection. Eighteen styles of caskets, a complete line ranging from children's to adults in all colors and sizes, is shown.

The receiving and shipping room measures 25 feet square and has an elevator by which goods are taken to the basement where the company keeps its duplicate stock. In the basement is the morgue room, 25 feet square, with cement floors and finished in white, perfectly sanitary and having drainage of the most approved style.

Near the cashier's desk on the main floor is the large, fire proof and burglar proof vault, the by ten feet in dimension and walled in solid ce-

ment on the doors of which has been painted a shamrock, an emblem which D. M. Clark says will remain there as a sign of good luck.

The personnel of the store is composed as follows: M. M. Clark and T. W. Gibson being the members of the firm, with the latter as general manager; Joseph Tschumperlin, mortician; Julius Deering, in charge of the tin shop; Mr. Slater, of Anoka, in charge of the plumbing; Robert E. Clark, clerk and in charge of the window dressing; Peter Nordstrom, delivery man.

HIGH SCHOOL NOTES

The senior class pins have arrived and they add not a little to the pride and dignity of their wearers.

The last meeting of the G. D. S. was one of the most delightful of the year. The program consisted of a play in two acts entitled "Mrs. Plodding Nieces." The plot which is very interesting and exceedingly humorous centers about Aunt Babetta, a rich, but old fashioned and countrified widow, anxious to find a suitable wife for her son among her sister's six daughters whom she expects to find educated in all the domestic arts. The six daughters though accomplished in all the fashionable arts of the day, know absolutely nothing about housekeeping, but to please their aunt who is coming to visit them, they agree to make a pretense of working. After a series of deceptions more or less successful the aunt finally discovers the fraud and denounces the conspirators in no gentle terms. She is finally reconciled by Mary, the one sister who would not enter into the deception and who, of course, is taken away to be properly educated and married in due time to Aunt Babetta's son. The cast of characters is as follows:

Aunt Babetta.....Fern Grondin
Mrs. Manhattan, mother of the girls.....Edna Orne
Violetta, an artist.....Ethel Drexler
Estelle, author.....Amy Zakariassen
Angelina, ambitious to be an actress.....Mabel Smythe
Clementine, musician.....Edna Drexler
Antoinette, interested in athletics.....Bertha Mahlum
Mary, nursery governess.....Hannah, the cook.....Mae Jones

The seniors have at last secured permission to publish an annual which will be the first of the kind ever compiled in the high school. The arrangements concerning the editorial staff, etc., have not yet been completed, but the work is progressing rapidly under competent management. The cost of publication will be almost entirely covered by advertisements and it is expected that a large number of volumes will be sold. A project of this kind deserves all the encouragement it can get and the seniors have every reason to hope that it will be a complete success.

M. N., in German: "The student made a slanting bow to the audience."

March reports were distributed Thursday and there was a general expression of satisfaction over the increased number of nineties.

W. T.: "Will you be there yesterday?"

The juniors will entertain the seniors before very long, although the nature of the entertainment can not be decided upon until after the action of the school board.

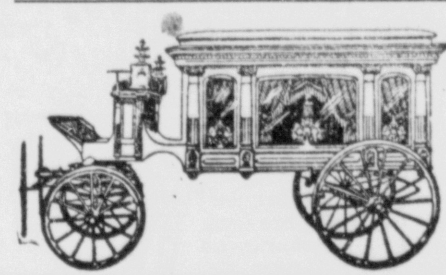

Mr. McCarty says it is queer that the words freshman and senior are always associated with each other. Matters are going somewhat strenuously with the chemistry students who had to be reminded that the principal's office is next to the laboratory and that explosions are decidedly unwelcome.

Thursday afternoon the university glee club sang several songs in the assembly room, greatly to the pleasure of all who were fortunate enough to hear them. The thanks of every student of the high school are due the members of the glee club for their kindness in giving us a most delightful fifteen minutes.
